# ROBOTIC POOL CLEANERS

[speck-pumps.co.za](http://speck-pumps.co.za)

# *Highly Efficient* **ROBOTIC POOL CLEANERS**

As industry leaders, Speck is known for providing our clients with the highest quality pool products and accessories. Along with this high quality, we strive for innovation across the spectrum to manufacture and supply the best pool cleaning solutions that offer maximum performance with minimal user effort.

With remote control and smartphone control capabilities, the BADU® Robotic Pool Cleaners range offers a truly unique pool cleaning experience.

*More about our robotic  
pool cleaners...*

Our units are suitable for various pool sizes, shapes and linings for efficient cleaning of pool walls, floors and waterlines. These revolutionary units assist the pools' overall performance by alleviating the strain on the pump and filtration system and decreasing the backwashing frequency, all whilst providing hassle-free pool cleaning!

# **BADU® OPSON PRO**

The **BADU®OPSON PRO** is a 3-motor robotic pool cleaner fitted with Bluetooth control. This highly efficient energy-saving unit, exclusively available from Speck, offers an easy pool cleaning solution for pools up to 130m<sup>2</sup>. Suitable for above ground and inground pools, as well as all pool linings, this unit is equipped with 2 large-volume filter baskets that can be easily cleaned and maintained.

Control is as easy as picking up your smartphone, as this machine can be completely controlled via the Winny Link app with its Bluetooth functioning. This unit is also supplied with comprehensive remote control and a 15m power cord.

## **FEATURES:**

- Three-motor function
- Easy to operate control box
- Auto start program
- Remote control
- Smartphone control via Bluetooth
- 3 Settings for operational times
- 3 Cleaning modes
- 2 Large-volume filter baskets
- 15m cord with floats
- Optional extra caddy
- 24-month ex-factory warranty on motors and PC board under normal operating conditions from the date of purchase

# **BADU® RAPTOR CLASSIC**

Our **BADU®RAPTOR CLASSIC** robotic pool cleaner is specifically designed to suit all pool shapes sized up to 200m<sup>2</sup>. This highly efficient cleaner can be used on all pool linings, is energy-saving and can be easily maintained due to its large-volume filter baskets.

This robotic unit is supplied with a remote control, an 18m power cord with floats and a convenient control box. Its working cycles can also be conveniently set to either 2, 3 or 4 hours depending on the level of debris present.

## **FEATURES:**

- Two motor function
- Remote control
- 3 Settings of operational times
- Cleans walls, floors and waterlines
- 2 Large-volume filter baskets
- 18m cord with floats
- Optional extra caddy
- 24-month ex-factory warranty on motors and PC board under normal operating conditions from the date of purchase

# **BADU® RAPTOR PRO**

The **BADU®RAPTOR PRO** is an energy-saving robotic pool cleaner. It is equipped with 2 large volume filter baskets that can be easily removed for hassle-free cleaning and maintenance. This unit is suitable for all shaped inground and above ground pools up to 200m<sup>2</sup> in size. It is highly efficient for cleaning pool walls, floors as well as the waterline.

This unit is supplied with a conveniently fitted control box and auto start program. It can also be connected to the smartphone and fully controlled via Bluetooth. It is also supplied with a remote control and an 18m power cord.

## **FEATURES:**

- Three motor function
- Easy to operate control box
- Supplied with a remote control
- Control via Bluetooth
- 3 Settings of operational times
- 3 Cleaning modes
- 2 Large volume baskets
- Supplied with 18m cord with floats
- Optional extra caddy
- 24-month ex-factory warranty on motors and PC board under normal operating conditions from the date of purchase

# BADU® SAPHIR

Our BADU®SAPHIR is a highly efficient 2 motor robotic pool cleaner, exclusively available from Speck. This energy-saving unit can clean the floor, walls and waterline of a pool, irrespective of the shape of the pool. It is also suitable for both above ground and inground pools of up to 200m<sup>2</sup>.

This superior unit is equipped with 3 pairs of filter bags, all with different densities, that can be easily removed and maintained. These bags assist the pool filter in removing suspended particles and decrease the need for backwashing. Furthermore, this robotic pool cleaner holds a convenient control box fitted with an auto start program.

## FEATURES:

- Two motor function
- Easy to operate control box
- Supplied with remote control
- 3 Working day cycles
- 3 Settings for operational times
- 3 Cleaning settings
- 3 Pairs of filter bags
- Out-filtering chamber design
- 18m cord with floats
- 24-month ex-factory warranty on motors and PC board under normal operating conditions from the date of purchase
